Youth Coach

Bascome Pro Soccer Clinic 2015

Kiddy Kickers

The Kiddy Kickers programme, a starter clinic for players **ages 4 & 5** years old introduces them to the FUN-damentals of soccer. A parent or guardian must accompany each player for the entire daily one hour training session. Players will be taught basic soccer skills and fun drills. This is a chance for parents to get actively involved!

Basic Group

Open to male and female players **ages 6 - 10** years the Basic Group provides players with the opportunity to build on their soccer skills and be taught the importance of positive discipline and becoming team players both on and off the field. Participants will be taught by qualified coaches and experienced players. Male and female players will be in separate groups.

Bridge to Success

Open to male and female players **ages 9 to 16** years, the Bridge to Success programme will give players the tools to become the model player. In addition to providing players with the opportunity to build on their soccer skills, learning positive discipline and becoming team players on and off the field, participants will focus on overall technique, the value of possession, their values as players and participate in blackboard/life skills sessions. At the end of the week each player will be evaluated to ensure they have learned and understood the importance of the information they received. Players will then be selected to receive a scholarship to the Validus Power of One camp. Areas are Game Awareness, Health and Fitness and Social Conduct.
