

Yes Bermuda is Beautiful, and so are we.

My name is Winfield Chuck Simpson

I was raised in Pembroke

My Mother was Cecily Durham Simpson, from Key West Pembroke Spanish-Point

Her Father was the late Cecil Brownlow Durham, renowned Butcher of the Stalls, better known as the Miles Supermarket. His wife, my Grandmother was Thalia Manders Durham, daughter of Charles and Ainsley Manders. Her mother was Ainsley Lambert, Heir to the Estate of Josiah Smith Tuckers Town St. Georges.

My Father was Winsfield Herbert "Kid Mc.Cormick" Simpson of Pembroke Devonshire, Bermuda's Welterweight boxing Champion. His Father was Errol or Harold Simpson, a boxer from St. Anne Jamaica. His Mother was Doris Trott Simpson, daughter of Lillian Irene "**aunt baby**" Joel, the daughter of William Herbert Joel, Bermuda's first black parliamentarian, as well as one of the founders of the Berkeley Institute, and she married Joseph Daunty "Don" Trott, the son of one of Bermuda's prominent elite Caucasian families .

This is my blood-line, to which I am proud, and thankful..

My parents, and their parents grew up as common Bermudians, dignified and proud of their identity.

I have a sincere concern to Bermuda, and its people, particularly our youth, young adults and our elders, as this new Bermuda develops.

I want to serve the Bermudian people because they are the salt to our *soil*, and I believe they lack representation.

I also believe the Bermudian people are a gifted, talented, hospitable people who have been deprived of much and have much to offer towards Bermuda's prosperity today, tomorrow, and the future. In the past we have been ignored, and ignorant to much, and have hoped for good leadership to direct, protect and secure our well being and standard of life, when we look around Bermuda today we see many Bermudian people suffering from inadequate job opportunity, education, health care ,and financial income, which in my opinion encourages criminal activity.

I believe this to be the result of poor and bad leadership from the homes as well as the system our Government operates from.

Laziness and complacency among our spoiled people has “*created the discern*” that we can’t depend on our Bermudian people in labor or administrative positions. I totally disagree. We have failed in unifying the people and giving them an identity, we don’t want to admit to it but it’s practically true.

We have become a narcissistic, greedy people both in labor and administration. There are those that will say this is the twenty-first century and the way of the world, and I agree, however the world has not changed as much as people think, the world has just become more dense and has intensified in its way, Bermuda has to be careful not to lose its strength as the world intensifies in its way, Bermuda has to remember its four hundred years of existing while the world developed was unique in comparison to the rest of the world and we prospered as a result of it. Believe it or not that was and still is our strength, and we must perpetuate it as this new Bermuda develops.

LET’S KEEP BERMUDA BEAUTIFUL, save our children and Beautiful Island.
