

## Quarterly Bulletin of Statistics

### Q4 2018 Highlights

#### Imports

- Imports increased 15.4 per cent to \$273.2 million (**See Figure 1; Table 1**). The value of imports rose in seven of the nine commodity groups. The increase was due largely to a \$25.6 million rise in the imports of Fuels when compared to the same period of 2017. Imports of Machinery increased \$5.0 million while imports of Finished Equipment was \$4.4 million higher. Imports of Food, Beverages and Tobacco and Basic Materials & Semi-Manufactured Goods both increased \$1.1 million. The combined import values of Clothing and Miscellaneous items increased \$0.4 million. In contrast, imports of Chemicals and Transport equipment declined \$0.6 million and \$0.4 million, respectively.
- During the fourth quarter of 2018, imports from the United States of America increased \$39.1 million (**See Table 2**). The value of imported goods from the United Kingdom rose \$1.7 million while imports from All Other Countries was \$0.6 million higher. In contrast, imports from Canada and the Caribbean decreased \$3.0 million and \$2.0 million, respectively.

#### Employment Income by Industry

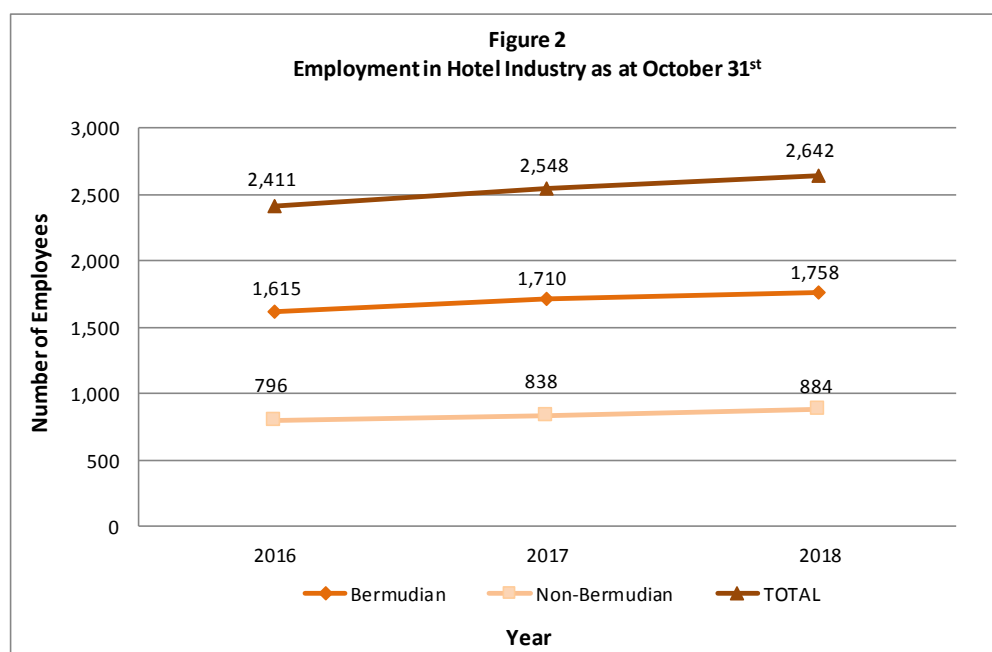

- During the fourth quarter of 2018, employment income increased 3.2 per cent or \$25.5 million (**See Table 3**). Five of the nine industries recorded increases with the International Business industry recording the largest increase of \$23.3 million. The Construction industry recorded the second largest increase of \$2.7 million.

## Arrivals and Expenditure

- The Island hosted 54,556 air visitors during the fourth quarter of 2018, a decrease of 1.1 per cent year-over-year (See Table 4). Estimated total expenditure by air visitors increased 5.0 per cent to \$83.7 million when compared to the same period of 2017. Visitors spent \$2.7 million more on Accommodation and Food and \$1.2 million more on Shopping, Entertainment and Transport Services. (See Table 5).
- A total of thirty-nine cruise ships visited the Island carrying 93,045 passengers (See Table 4). Total expenditure for these passengers was estimated at \$23.9 million (See Table 5). In comparison, twenty-six cruise ships visited Bermuda’s ports during the same period in 2017 with \$7.0 million being spent by cruise visitors.

## Hotel Accommodations

- At the end of October 2018, there were 2,642 workers employed within the hotel industry (See Figure 2). The level of employment increased by 94 employees, representing 48 more Bermudians and an additional 46 non-Bermudians.
- Hotel gross receipts totaled \$68.5 million representing a marginal increase of 0.5 per cent or \$0.3 million (See Table 6). The rise reflected a \$1.7 million increase in sales of alcoholic beverages and a \$0.2 million increase in food sales. These increases were offset by a \$0.9 million drop in room rentals and a decline of \$0.7 million for all other receipts during the period.

## Overseas Declarations by Residents

- Overseas declarations by residents decreased 2.2 per cent to \$18.4 million (See Table 7). Lower levels of overseas spending were declared for seven of the nine commodity groupings with the largest nominal decrease of \$0.3 million reported for Clothing and Footwear.
