Bermuda Boxing Federation

The Bermuda Boxing Federation (BBF) is delighted to announce National Coach Jermel Woolridge's accomplishment in achieving the International Boxing Association (IBA) 1-star coaching certification.

Coach Woolridge states "I am extremely happy to be the first boxing coach in Bermuda to receive this designation. The BBF has been trying to get local coaches, who meet the requirements, into this IBA certification course for a really long time now. At the end of March we were given the opportunity to take part in this course online for the first time. However, due to the Instructor being based in Poland, it required a 4 AM start every day including weekends for 2 weeks even over the Easter period."

"The course involved daily testing on the topics of the day, group interaction. For the final exam participants created a video submission demonstrating the skill set we had discussed or learned during the course. This was followed by a multiple choice test." "I am now fully qualified to coach fighters who will be representing Bermuda at any IBA or Elite level boxing competition globally. This comes at the perfect time as I will be attending the CAC Games in El Salvador with our national boxer Adrian Roach in a few weeks."

If you are interested in obtaining local coaching certification, forming a boxing club at your school (homeschool, public or private), donating to our programs or volunteering with us, visit our website www.bermudaboxing.com.

Bermuda Hockey Federation

In preparation for the CAC Games, the Cal Bears toured Bermuda to play practice games against the Women's National Team. Outside of playing matches, they took time to host coaching sessions at several schools and hosted Somersfield Primary and Middle School hockey teams at the National Stadium. During the team's time on island, they provided fun and expert coaching and served as fantastic role models to young, aspiring hockey players who thoroughly enjoyed the sessions. In addition, Dr Ty-Ron Douglas, a Bermudian educator and Associate Athletic Director of Diversity, Equity, Inclusion, Belonging & Justice (DEIBJ) at Cal Athletics led an engaging session on attending the university as a D1 athlete giving tips on how to apply and make your name stand out among the 1000s of applications.

These 18 national team players ranging from 17 to 52 years old have committed to several training sessions, 5 days a week for the last few months with early morning technical training and fitness and skills training in the evenings and games on the weekends. All have made personal sacrifices from family and special events over the course of all three training phases and all have had to balance working full-time; studying for final exams and managing families. The Board of the Bermuda Hockey Federation wishes to acknowledge the hard work and effort of these players, coaches, team managers, fitness coach, team physio and all other officials and volunteers who have all contributed to the success of the Bermuda Women's National Field Hockey team and wish them every success at the upcoming CAC Games in Dominican Republic in June.

Bermuda Sailing Association

Bermuda Sailing Association (BSA) is pleased to announce that two athletes will be representing Bermuda at the Paris 2024 Test Event in Marseille, France July 7-16th. The Test Event will closely mirror the Olympic Games competition, with each country sending only one boat per class.

The Test event is used as a dress rehearsal and will operate in the same format as the upcoming Olympic Games in 2024. Test events traditionally provide organizers and Olympic authorities with an opportunity to test personnel and venue staging, working to optimize plans leading to the Olympic Games.

Representing Bermuda at the Test event is Adriana Penruddocke in the Women's Single Handed (ILCA 6 Class) and Campbell Patton in the Men's Singlehanded (ILCA 7 Class).

Adriana has been the top ILCA 6 sailor for Bermuda for several years now and will also be representing Bermuda at the Pan Am Games in October. Campbell has been the dominant male Bermudian ILCA 7 sailor in a hotly contested class. Campbell will also be representing Bermuda in the Pan AM Games. Both Adriana and Campbell have qualified for this event through events over the past year in international competitions around the globe and against other Bermudian sailors.

Many of the sailors they are competing against at the Test Event will be their main competition for the Paris 2024 Olympic country qualifiers and this will be a true gauge of their competitiveness in this field.

Following this event, both Adriana and Campbell will be attending the 2023 Sailing World Championships for all Olympic classes in The Hague, Netherlands from August 10-20, which serves as the first, and largest, country qualification opportunity for the Paris 2024 Games.

Mexico magic

Hawley achieved her highest finish in World Cup racing, crossing the line in eleventh place in an impressive time of 1:1:52. In the elite men's division, Tyler Smith, raced his way to a 25th-place finish despite picking up a penalty in transition after a strong swim and bike. He completed the event in 55:45 seconds just over 90 seconds adrift of the leader.

Ironman success

The longer distance triathletes have been out in force this month.

Eight athletes from Bermuda travelled to the Blue Ridge Mountain Ironman 70.3 in Roanoke, Virginia on June 4th. On an extremely hilly course, Phil Mace placed 1st in his age group with a phenomenal time of 4:41:46, Ashley Couper finished second, Dan Samilski placed 8th and Byron Renken placed 12th. Congratulations also go out to Marna Lau, Leanna Coetsee and Darren Thompson.

A week later, several triathletes headed out to Maryland to compete in the Eagleman Ironman 70.3. Notable finishes include Christine Dailey placing 3rd, Kristen Robinson 6th and Mark Robinson placing 12th in their age group. Ian Henderson, Jeremy Shrubbs, and Neil Lupsic also put in strong performances in Gerry Boyle Park.

That same weekend, Steve Smith competed in a 70.3 in Springfield Massachusetts with an insanely fast bike time!

Local events

The local triathlon calendar has been greatly affected by the inclement weather with Clarion IronKids and the weekly Thursday Night Sprint events being cancelled this month due to concerns about safety. Clarion IronKids will now take place on Sept 17th.

Fortunately, the National Heroes Day Home Event went ahead as planned from the Harrington Sound dock despite the heavy rains. Philip Mace finished ahead of Geoff Smith and Mark Robinson in the male division with Ashley Couper in first followed by Fenella Wightman and Leanna Coetsee in the women's race.
