

*Government of Bermuda*

**The Ministry of Public Works and Environment**

**OFFICE OF THE MINISTER**

---

Friday May 9<sup>th</sup>, 2025

**BY EMAIL**

TO: The Hon. L. Craig Cannonier, JP, MP,  
Shadow Minister of Public Works and Environment

CC: Mr. Kirk E. Outerbridge  
Permanent Secretary, Ministry of Public Works and Environment

FROM: The Hon. Jache A. K. Adams, JP, MP  
Minister of Public Works and Environment

RE: **Written Responses to Parliamentary Questions from the Hon. L. Craig Cannonier dated 30<sup>th</sup> April 2025**

---

The Department of Public Lands and Buildings plays a key role in supporting the Government's objectives by developing and maintaining property assets. It provides comprehensive property and land management services to all ministries and serves as the landlord for all government-owned properties, excluding those owned by Government Quangos. The department is also responsible for managing licenses and leases for the foreshore and seabed, ensuring that all government properties are adequately insured, and delivering facilities management services. Additionally, it oversees the maintenance, repairs, and minor renovations of government buildings, ensuring the effective stewardship and operational functionality of public assets.

In response to your request dated 30th April 2025 the information is provided in the attached spreadsheets for the following query:

1. Will the Honourable Minister please inform this Honourable House of the total number of properties owned by the Government of Bermuda under the control and/or management of the Ministry of Public Works and Environment including:
  - i. the property name (if any), the property address and Ministry building/property identifying number;
  - ii. identifying whether the said properties are occupied and by whom and for what purpose;
  - iii. identifying whether the said properties are vacant?

Regarding the attached Spreadsheets, unless otherwise noted, all properties should be considered in use.

## List of Properties Owned and Maintained by the Ministry of Public Works and Environment as of 7 May 2025
